Hi Jessica,

Once the IGCE is underway, we need to work on language for "Current Actions" this will all be new, since we had not done this work before the last action memo. Don't start from the beginning of the document, but begin working on the "Current Actions" section. This will be for later after we figure out the costs

"Current Actions" and the funding are the two sections which will require the most work.

You are going to be SO busy. Are you sure you don't mind helping with this?

Thank you

Chris
